

We recommend you start revising 5-6 weeks before your exams, but its never too late! Try to revise for no more than 30 minutes per subject. Longer periods of revision can be spent on subjects that you find more difficult. At the bottom of the sheet fill in each block with your subject/topic title and allocate it a colour within the block. We have given you a RELAX block already, this can be used for when you wish to take a break or when you have commitments such as sporting activities or work commitments on a regular basis. Look at the weekly planner, colour in each 30 minute block in your subject/topic colour. Double up the colour for a hours subject revision.
